Group discounts

**Sending a team to SupplySide Global?
We have you covered.**

Introducing discounted rates for companies sending multiple individuals per company.

Team of 2-5: 10% off pass pricing

Team of 6 or more: 20% off pass pricing

How it works:

To create a group registration and receive the discount, one team member must register all team members at the same time by utilizing the “Add another” button on the bottom of the REVIEW page in registration. The discount will automatically be applied at checkout.

FAQs:

Q: Can I purchase different types of passes for each employee at the same discount?

A: Yes. You will receive the discount on each registration regardless of the pass type. For example, if you are registering a team of 2, you can purchase 1 Expo Pass and 1 Explorer Pass and receive 10% off each.

Q: I registered my team at an earlier date, but now need to add another registrant. How do I ensure I get the discount?

A: If you need to add another registrant after already registering your team, please contact Customer Service at 800-299-5919 to register the new staff member.

Q: I registered a team of 6 and one team member needs to cancel. Do I still receive 20% off?

A: The 20% pass discount only applies to a team of 6 or more. If you need to cancel one team member's registration, your team would be eligible for the 10% discount per pass and receive an email with the new balance due.
